

# GW INTERIOR ARCHITECTURE: IA BFA

IA is the only program in the nation's capital that is accredited by the **Council for Interior Design Accreditation**, and GW is the **10<sup>th</sup> highest ranked national university** that offers IA. With a focus on **conceptual thinking and the design process**, students are exposed to many design methods and tools that encourage them to push the boundaries of creativity. Students take a core studio course along with two supporting courses each semester that range from history to graphics to lighting. Throughout this cohesive curriculum, students learn about habitable environments ranging from small interiors to larger, more complex commercial and institutional spaces.
