- b. Audition music for **woodwinds, brass, and percussion** can be found at this [link](#).
  - i. Almost all excerpts and etudes are linked to a recording. Use these to understand how to approach the music.
  - ii. Students auditioning for Symphonic Band should prepare only the first two excerpts in the audition music and one scale of their choosing.
  - iii. Students auditioning for Wind Ensemble and/or Orchestra should prepare all the audition music as well as their chromatic scale and one additional major scale.
- c. There will be practice rooms open and available in Phillips Hall (basement level)
- d. Practice with a metronome: we are listening for good rhythm.
- e. Practice with a tuner: we are listening for good pitch.
- f. Practice with your favorite player in mind: we are listening for beautiful sound

The best advice for auditioning is to “be yourself” and “be prepared”. If you can manage to fulfill both those ideals, you will have a wonderful audition.

- Never begin your audition with an apology.
- Demonstrate your ability to communicate musically.
- Maintain a positive appearance even if you do not play well.
- Be yourself

*GW has a long tradition of serving performers from all musical backgrounds. Members of the Orchestra, Wind Ensemble and Symphonic Band have a wide range of ability and experience levels. We are interested in meeting players at all levels of experience and ability, even those who have never played an audition before. There is a place for all students and we will work hard to make sure that you feel comfortable and relaxed during your audition.*

*The goal of an audition is to learn about you as a person and as a performer; it is not intended to be stressful or intimidating. The greatest source of anxiety during auditions is a lack of preparation; if you are prepared, you will be a lot less nervous!*

*The people hearing your audition genuinely want you to succeed. If you have questions about your excerpts (rhythms, notation, etc.), please feel free to contact the directors; we would be happy to help you.*

## Other Information

### School Instruments & Lockers

GW maintains an inventory of high-quality instruments for use by students. This is especially useful for performers of the larger (or more expensive) instruments such as tuba, euphonium, and bassoon; however, it is also a great resource for players who relied on high-quality, school-owned instruments while in high school.

Students that need a locker and/or a GW-owned instrument and are planning on participating in an ensemble should see Prof Schmitz on Monday - Thursday, August 21 - August 24 between 1:00 - 3:00 (Phillips Hall, B-137). An instrument may be temporarily issued for the audition, and then permanently checked-out to those students after enrollment in one of the concert bands.

The GW Instrument Use and Locker rental is \$10 per semester (\$20 for the Spring and Fall Semesters) and can be paid either in person by check or online using Colonial Cash. In order to initiate payment fill out [this form](#).

Please note, Dining Cash is not the same as Colonial Cash. Colonial Cash can be added/updated by visiting [this link](#).

## **Class Enrollment** (for Orchestra, visit the [Orchestra Syllabus](#))

Students participating in our performing ensembles receive one unit of academic credit by enrolling in either Symphonic Band\_CMUS\_1083\_10 or Wind Ensemble\_CMUS\_1085\_10.

Additionally, there is a section for each course that allows students with a full academic load to enroll in the ensemble for zero credit. Students that qualify for zero credit courses will be required to pay an \$85 fee. **It is not necessary to enroll in either course at this time.** Once audition results have been announced, members will be given instructions on how to add the class/register.
