	Blender	https://www.blender.org/download/
	Revit	https://www.autodesk.com/education/free-software/featured
	Fusion 360	https://www.autodesk.com/education/free-software/featured
Photo	Photo Mechanic	not free: students can purchase a full license for $59, and to do that, they can just email from their edu address, and they'll send back a coupon code for the discount.
Video	Cinema 4D	https://www.maxon.net/en-us/learn/educational-licenses/students-and-instructors/
Access cloud drives, virtual apps and desktops	Citrix	http://citrix.com/receiver - once installed, CCAS services are here: apps.ccas.gwu.edu

GWID, NetID & Columbian Cloud accounts

There are three types of accounts you will be given by the university to access different services:

+ GWID
+ NetID
+ Columbian Cloud

... What are they?

Your GWid is what you use for really sensitive stuff with the university, usually regarding employment. Your GWId looks like this:

G12345678
(A letter ‘G” followed by 8 numbers.)

Your GWid is one of the first things you get at GW. It's created by the Division of Information Technology (GW IT). If you have problems, contact GW IT at:

http://it.gwu.edu
Phone: 202-994-4948
ithelp@gwu.edu

If you've forgotten your GWID, you can retrieve it here:

https://my.gwu.edu/mod/gwid/index.cfm

Your NetID is what you use to access your GW gmail, Gweb, calendars, Blackboard, Lynda, Adobe, and other services. Your Net ID is your GWU email address without the @gwu.edu part. You can claim your NetID, or if you've forgotten you password, reset it here:

https://identity.gwu.edu/claim/

It’s also maintained by the Division of Information Technology (GW IT). If you’re having problems resetting your password, contact GW IT at:

http://it.gwu.edu
Phone: 202-994-4948
ithelp@gwu.edu

Your Columbian Cloud account is what you use to log into computers in the labs in Columbian College. This includes access to a personal cloud drive, and shared class drives.

If you need to reset your password, go here:

https://password.ccas.gwu.edu/PMUser/

You should have already received an email from Office of Technology Services (OTS) with information about setting up your Columbian Cloud account. If you haven't, or run into problems, contact OTS:

202-994-HELP
ots@gwu.edu

Important: Using Adobe in the labs

With the release of Creative Cloud 2019, Adobe has changed the way the software licenses work on lab computers. For each work session, you will need to:

1. Log into the lab computer with your Columbian Cloud account (the generic login will not give you access to CC.)
2. Launch any Adobe app; a login dialog will appear.
3. In the “User” field type your full NetID (user@gwu.edu) and hit “return” (no password needed here.)
4. You will be redirected to a GW single sign-in.
5. Use your NetID without “@gwu.edu” and your NetID password.

Yes, it’s complicated. <sigh>

Other resources

How do I get the ~~discounted~~ FREE version of Creative Cloud? (Yes! it’s free for enrolled CCAS students!)

The new single sign-on system works by authenticating your GW NetID and password and then redirecting you back to the system to which you are logging in. If you bookmark this page, the system will not receive all needed information and will display an error when you
GW students, faculty, staff and alumni can access this service by using their GW NetIDs (the
of the e-mail address that precedes
.edu) and corresponding passwords.
